

RAMTEJA REGUNTA

AI&ML ENGINEER

Hyderabad | +91 8919869883 | ramtejaregunta@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Final-year B.Tech student with strong foundations in Data Structures, Competitive Programming, and Machine Learning, seeking an entry-level role where I can apply algorithmic problem-solving and data-driven modeling to build scalable, real-world solutions while continuously enhancing my technical expertise.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++, SQL
- **Data Analysis:** NumPy, Pandas, Plotly
- **Machine Learning:** PyTorch, Supervised & Unsupervised Learning, Model Evaluation
- **Developer Tools:** Git, GitHub
- **Core Competencies:** Data Structures & Algorithms, Competitive Programming, Feature Engineering, Data Preprocessing
- **Relevant Coursework:** Data Structures & Algorithms (DSA), DBMS, Operating Systems, Object-Oriented Programming (OOP).

PROJECTS

Smart Mock Interview Platform

- Designed and developed an AI-powered mock interview system to evaluate user responses using machine learning and NLP techniques.
- Built a structured ML pipeline involving data capture, preprocessing, and automated feedback generation.
- Integrated audio/video recording and transcript analysis to assess response quality and relevance. Focused on scalability and modular design to support multiple interview domains.

Technologies: Python, Machine Learning, NLP, Web Technologies

IPL Win Prediction System

- Implemented a machine learning classification model to predict IPL match outcomes using historical data.
- Performed data cleaning, feature engineering, and exploratory data analysis (EDA) to improve model performance.
- Evaluated models using accuracy and performance metrics to select optimal predictions.

Technologies: Python, Pandas, NumPy, Machine Learning

Student Result Tracker

- Designed an application to manage and analyze student academic performance efficiently.
- Implemented structured data storage and retrieval with result visualization.
- Focused on clean data handling and maintainable code practices.

Technologies: Python

EDUCATION

Vidya Jyothi Institute of Technology, Hyderabad

Bachelor of Technology (Major in Information Technology) CGPA:8.4/10.0

2022 - 2026 | Hyderabad, India

ADDITIONAL INFORMATION

- **Languages:** English, Telugu, and Hindi
- **Certifications:** Quantitative Research Job Simulation, Python Professional , C++ Professional
